Summary

Passionate Computer Science student with a specialization in Data Science, experienced in Python and HTML.

Education

Galgotia's University	**Greater Noida, UP**
Bachelor of Science in Computer Science and Engineering (Data Science)	*7.0 CGPA, 2022-2026*
M.G. Public School (CBSE)	**Muzaffarnagar, UP**
Senior Secondary Education	*69% (2022)*
Higher Secondary Education	*74% (2020)*

Skills

Software	Figma,Tableau, Microsoft Word/Excel/PowerPoint
Languages	Python(DSA), HTML, MySQL, CSS
Soft Skills	Adaptive and eager to learn, good communication, problem solver

Internship

NPTL (Online)   **July 2024 – September 2024**

Data Analytics Process Automation

- Duration of internship: three months.
- Learning about data analytics processes and automation tools.
- Weekly assignments, one main exam, and the language used: Python.

Corizo (Online)   **September 2023 – October 2023**

Data Science

- Duration of internship: one month, focusing on learning and projects.
- Projects: One major (team-based) and one minor (individual).
- Skills learned: Python, MySQL, DBMS, and teamwork.

Projects

Restaurant Website Development   **May 2025 – June 2025**

- Designing and developing a responsive restaurant website.
- Built using HTML, CSS, and JavaScript.
- Involves both frontend and backend development.
- Key features include: User Login,Table Booking System, add custom food

ATM Machine Management System   **May 2023 – June 2023**

- Developed an ATM Management System using Python.
- Utilized essential libraries such as getpass, string, and os.
- The system offers core banking functionalities including cash withdrawal, PIN change, account statements, and security features.
- Each user has a unique ID and password; access to account details is restricted without valid credentials.
- Users are allowed a maximum of three login attempts before the system automatically logs them out.

Achievements

TECHTRIX'25

- Acquired third place in TECHTRIX'25 in the Project Exhibition.

Deloitte(Data Analytics)

- Completed a real-world data analytics simulation focused on data cleaning, analysis, and business reporting using tools like Excel and Tableau.

Corizo (Data Science)

- Grateful for the opportunity to intern in Data Science at Corizo.
